

RTMA REPORT – This is it!

It is time for an update on the status of the RTMA (Ron and Terri's Missionary Account). December 2011 will close our iteration. We have seen God's faithfulness through a very difficult year and now we are anxious to return to our work with the Fire Bible ministry. However, as we look to the future, we must deal with the reality of a serious shortfall of our monthly support.

In this year of iteration, we are so thankful for **over \$1200 in new and increased pledges** that have been committed. Still, in order to receive full approval to return to our work, we must raise several hundred dollars in new and increased monthly support by December 31. **This is urgent. We need to hear from you today!** If you can help us, please send your pledge to our account today to:

Our Number 1 Question?

Do you travel a lot?" or "When is your next trip?" This question has been our most often asked inquiry during this year of iteration. While much of our work can be accomplished in the office, travel is imperative to work with the pastors, translators, printers and others on our Fire Bible teams around the world. We are now beginning to plan our work for 2012 but all we do, will depend on the generous partners who provide the funds for us to do the work.

I once read a story that in summary said *when you see a missionary returning to the field with a sad countenance and tears in his eyes, think not that his heart is broken for leaving his friends or for the weight of the sacrifices he carries. More probable is the fact that his sadness comes from knowing that many open doors will remain closed and many broken lives will not be touched because he is returning without the needed resources to do the task he has set out to do.*

As we return to our calling, we do so knowing doors will remain unopened and our work will be limited. If you can send a special Fire Bible offering or make a pledge to this work please do so today!

God Is With Us On The Trail

It's amazing how God has kept us safe over the thousands of miles driven this year. We praise God for: **The fan-belt** that shredded....in the carport and

not on the highway; a 12 hour drive home and coasting safely the last 4 miles with **a slipping transmission**; a 650 mile drive when the transmission goes out 100 miles from home. We get within 6 miles of home without having to stop once. God has been so good to keep us from being stranded! **Thank you for praying for us.**

News of Special Interest

◆ *Georgetown Assembly of God*

Terri and I want to thank Georgetown Assembly of God and Pastor Shawn Crosby for warmly receiving us as a part of their church family during our iteration. When we were sick or did not have a service, they welcomed us and were such a blessing multiple times during the year. Blessings to you Georgetown!

◆ *More Work on Fire Bibles*

With 19 new Fire Bibles in process, it is urgent we complete our iteration and get to work. A hungry world is waiting for the Fire Bible in their language and we are anxious to help get them there! Can you send a special offering today?

"Missions E-lerT"

Do you receive our "Missions E-lerT" by email? From time to time we send out special notes and news you can use for prayer and church bulletins. It's free! Just go to the our web site or send us an email to subscribe!
